1. Introduction & Module Overview

POS (Point of Sale) module is the complete billing system of all F&B outlets of the hotel — Restaurant, Bar, Room Service and specialty outlets (like TADKA). Analysis The workflow of POS in HMS is: Guest gives order → Captain/Waiter makes KOT (Kitchen Order Ticket) → Kitchen item is made → Bill is generated → Settlement (Cash/UPI/Card/Room) is made. In Room settlement, the bill is directly posted in the guest's folio. POS OUTLETS (Demo Property in demo): RES = Restaurant | RS = Room Service | BA = Bar | TAD = TADKA (specialty). Each outlet has its own menu, tables, rates and settings — but the system is the same.

Module Sections Overview

Section	Purpose	Key Screens
OUTLETS	Outlet-wise billing screens	KOT Entry, Sale Bill Entry (of every outlet)
OPERATIONS	Daily F&B workflow	Settlement, Table Change/Booking, KOT Transfer, Display Table, Bill Lockup, Payment Received, Service Desk
REPORTS	Daily sales audit	Sales Register, Item-wise Sale, KOT reports, Discount Report
MIS	Management analytics	Sale Summary, Void Bills, Table-wise Sale, Reward Points
TAX	GST compliance	Tax Report, Tax Summary
SETUP (Main Setup)	Outlet & menu configuration	Outlet Setup, Table Master, Menu Items, Happy Hours, Reward Parameter

POS Data Flow (Technical Understanding)

Every entry of POS is stored in tables in the database — this understanding is necessary in training:

what are you doing	Database Table	What store is there?
make kot	kot	Item, qty, rate, waiter, outlet, pending status
Bill is being made	sale1	Outlet, table, party/room, total, discount, tax, net amount
Tax has been calculated	sale2	Item-wise tax breakup (CGST/SGST slab wise)
Menu setup (admin)	itemmast, itemgrp	Items, groups, rates, dishtype
Sundry/charges	sundrymast	Service charge, extra charges rules

Key Benefits

- Touch-friendly fast KOT entry — table wise order
- Multi-outlet support — all outlets from one system
- Room settlement — restaurant bill straight to the guest folio
- Live table status — which table is busy/free
- KOT transfer — by transferring the order of wrong table/outlet
- Happy hours & reward points auto-calculation
- Complete audit trail — log of deleted/void bills
- GST ready — tax reports for direct filing

3. Outlet Screens — KOT & Sale Bill

There are same screens for each outlet (Restaurant/Bar/Room Service/TADKA) — just the outlet code is different. Understand from Restaurant (RES) example.

3.1 KOT Entry (Kitchen Order Ticket) — Most Used Screen

Navigation Path: Point Of Sale ► Restaurant ► Kot Entry

3.1 KOT Entry (Kitchen Order Ticket) — Most Used Screen

The guest's order goes to the kitchen from here. Select table → pick items → set qty → Save KOT. KOT is printed and kitchen order is started. The bill will be paid later.

Field/Section	Description
Outlet & Date/Time	Which outlet, current time, KOT number
Table No. / Token	Which table to order (Room No. in Room Service)
Waiter/Captain	Which staff is taking the order?
Item Selection	Group (Starters/Main/Dessert) → item pe click → qty
Save KOT	KOT save + print — goes to the kitchen
Delete/Cancel	Cancel the wrong KOT (record has been added to the log)

3.2 Sale Bill Entry — Creating the Bill

Navigation Path: Point Of Sale ► Restaurant ► Sale Bill Entry

Sale Bill Entry — Restaurant outlet (RES)

Convert KOT items to bill: Table/Bill No. After loading → verifying items → discount if available → Bill Print or Room Charge (post in guest folio).

Section	Function
Search	Find the bill by Room No. / Guest Name / Bar Code
Items Table	Items from the KOT — edit qty, rate, amount (authorized)
Charges Summary	Discount, Service Charge, CGST, SGST, Round Off, Net
Bill Print	Thermal/regular printer pe bill
Settlement	Instant payment through Cash/UPI/Card
Room Charge	Post the in-house guest's bill to the folio
Delete	Bill cancel (with permission + reason)

3.2b Room Service Sale Bill (RS)

Navigation Path: Point Of Sale ► Room Service ► Sale Bill Entry

3.2b Room Service Sale Bill (RS)

Room Service is billed directly in the guest's room folio — instead of the table in Room No. search is hot.

Field	Description
Room No. Search	In-house guest's room
Items	items loaded from KOT
Post to Folio	Bill goes straight to the guest folio

3.2c POS Bill Reprint (Restaurant)

Navigation Path: Point Of Sale ► Restaurant ► POS Bill Reprint

3.2c POS Bill Reprint (Restaurant)

Reprint old POS bills — Year + Bill No. Reprint by searching.

1. Select the For Year

2. Enter the Bill No.
3. Search — bill load
4. print by clicking

3.3 Outlet Variations (Bar / Room Service / TADKA)

Same screens, different outlet code. In Room Service, Room No. replaces the table and the bill goes straight to the room folio. In the bar, happy-hours rates auto-apply.

Outlet	Code	Khaas Baat
Restaurant	RES	Tables, dine-in, full menu
Room Service	RS	Room-wise orders, folio posting default
Bar	BA	Happy hours, liquor menu
TADKA	TAD	Speciality kitchen outlet

3.4 Outlet Setup & Table Master (Admin)

Navigation Path: Main Setup ►Point of Sale ►Setup Outlet / Table Master

3.4 Outlet Setup & Table Master (Admin)

Outlets are created in Outlet Setup (name, code, type, printers). Tables of every outlet are defined in the Table Master (table no., capacity, zone). Items and rates are managed from the Menu Item screen, module behaviour from POS Parameter.

Setup	Fields
Setup Outlet	Outlet name, code, type (Rest/Bar/RS), bill printer, KOT printer
Table Master	Outlet, table no., seats, zone/section
Menu Item	Item name, group, category, rate, tax code, bar code
Happy Hours	Time slot + discount/offer rules
Session Master	Breakfast/Lunch/Dinner time slots (rates can be different)

Setup	Fields
NC Type	Reasons for non-chargeable KOTs (complimentary, staff, wastage)

4. Operations — Daily F&B Workflow

4.1 Settlement Entry

Navigation Path: Point Of Sale ► Restaurant ► Settlement Entry

4.1 Settlement Entry

Record payment of pending bills by: Year + Bill No. → select payment mode → amount → narration → Submit. Total/Paid/Balance is visible in Pending Bill Details.

Field	Description
For Year + Bill No.	Which bill to settle?
Charge/Payment Mode	Cash in Hand / Cheque / UPI / Credit Card
Table No.	Bill's table (auto-load)
Amount	Payment received
Narration	Optional note

4.2 Table Change Entry

Navigation Path: Point Of Sale ► Restaurant ► Table Change Entry

4.2 Table Change Entry

If you want to change guest table: Transfer all the KOTs from the old table to the new table. Bills and items become the names of that table.

5. By selecting the old table, our KOTs will load.
6. Select new table (must be empty)
7. Confirm — items transfer ho jayenge

4.3 Table Booking

Navigation Path: Point Of Sale ► Restaurant ► Table Booking

Bk.No	Bk.Date	Guest	Mobile	Table	Pax	From	To	Remark	Advance	Action
17	16-Sep-2026	ANURAG	9161380173	02	1	12:00:00	23:05:00	TESTING	-	Edit Delete

4.3 Table Booking

Advance table booking: date/time, guest name, mobile, table, persons. On arrival, start the KOT from the booking. Cancellation is also possible.

Field	Description
-------	-------------

Field	Description
Booking Voucher No.	Auto-generate
Date/Time	Why booking?
Table	Which table to reserve
Guest + Mobile	Contact details
Status	Booked / Arrived / Cancelled / No-Show

4.4 KOT Transfer

Navigation Path: Point Of Sale ►Restaurant ►KOT Transfer

4.4 KOT Transfer

Was KOT paid on wrong table/outlet? By table-to-table or outlet-to-outlet transfer. Room Service orders can also be transferred to the restaurant (vice versa).

8. By selecting KOT from Source table/outlet
9. Select the destination table/outlet
10. By confirming the transfer

4.5 Display Table

Navigation Path: Point Of Sale ►Restaurant ►Display Table

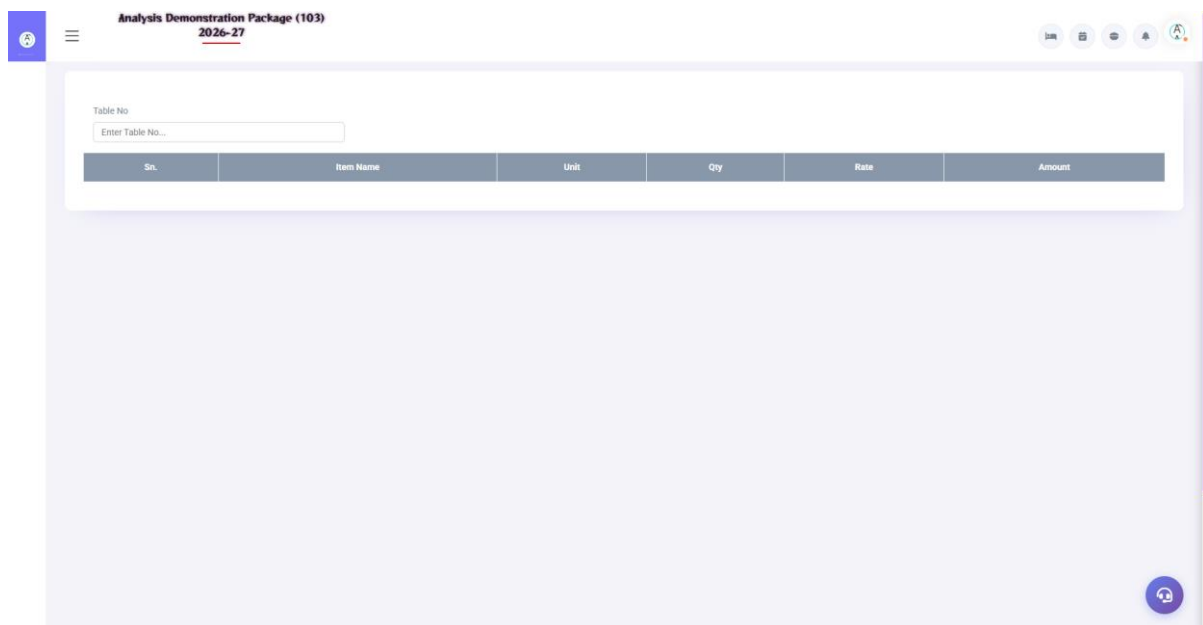

4.5 Display Table

Live floor map of Outlet — every table free, where KOT pending, where bill pending. Captain/waiter can track tables this way.

Status	Meaning
Free/Green	the table is empty
Occupied	Guest has sat, Kot is going on.
Bill Pending	I paid the bill, but did not make the bill.
Settled	Bill has been paid, please free the table.

4.6 Bill Lockup & Payment Received

Navigation Path: Point Of Sale ► Restaurant ► Bill Lockup / Payment Received

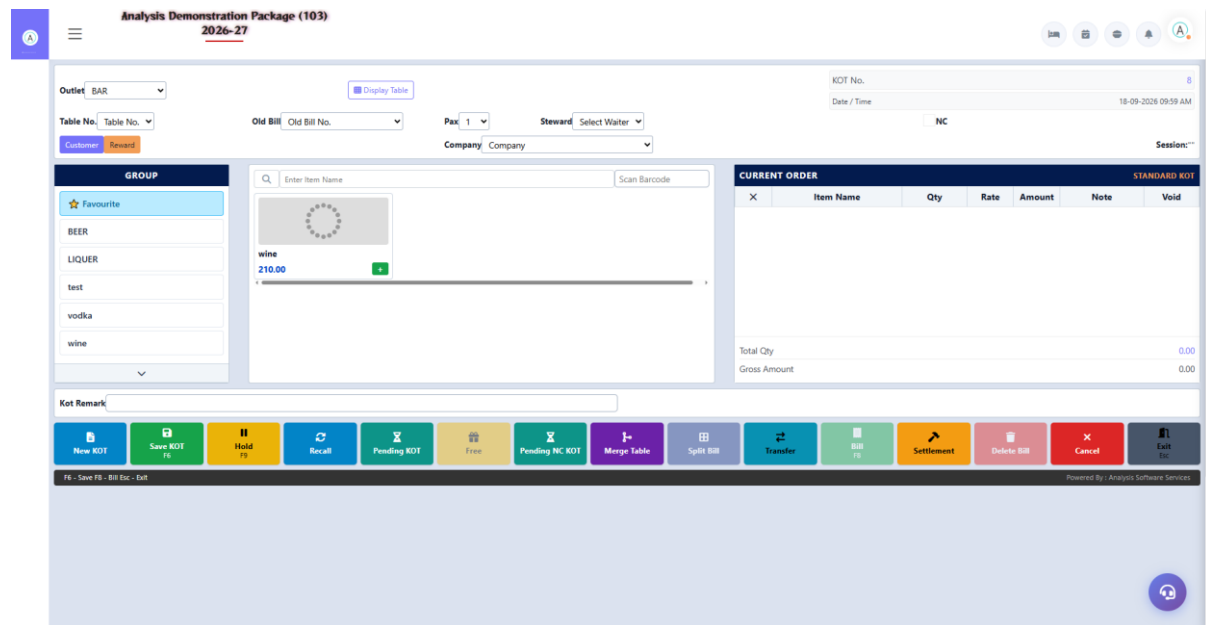

4.6 Bill Lockup & Payment Received

Bill Lockup: Detail lookup of old bills (not edited). **Payment Received:** To record advance/partial payments — the guest has already paid.

Screen	Use
Bill Lockup	View the old bill by Year + Bill No. — items, tax, settlement
Payment Received	By recording outlet advance cash – adjust the bill later.

4.7 Service Desk

Navigation Path: Point Of Sale ► Operations ► Service Desk

4.7 Service Desk

Single window for guest service requests (housekeeping/maintenance type) — accept/reject requests and track status. Requests from the QR-based guest portal also appear here.

Action	Description
New Request	Register the guest's request
Accept/Reject	Process the request
Status Track	Pending / In-Progress / Done

4.8 Complete Order-to-Bill Flow (Training Flow)

- Guest arrived — Table Booking or walk-in
- Select table and order in KOT Entry (will go to kitchen)
- Extra items will be on the same table as the new KOT
- Guest changed the table — Table Change Entry
- To make a bill — load the table in Sale Bill Entry
- Payment — Settlement Entry (Cash/UPI/Card) or Room Charge (to folio)
- Bill print — guest copy
- The table became free in Display Table

5. Reports Module — Daily Sales Audit

5.1 Available Reports

Navigation Path: *Point Of Sale* ► *POS Reports*

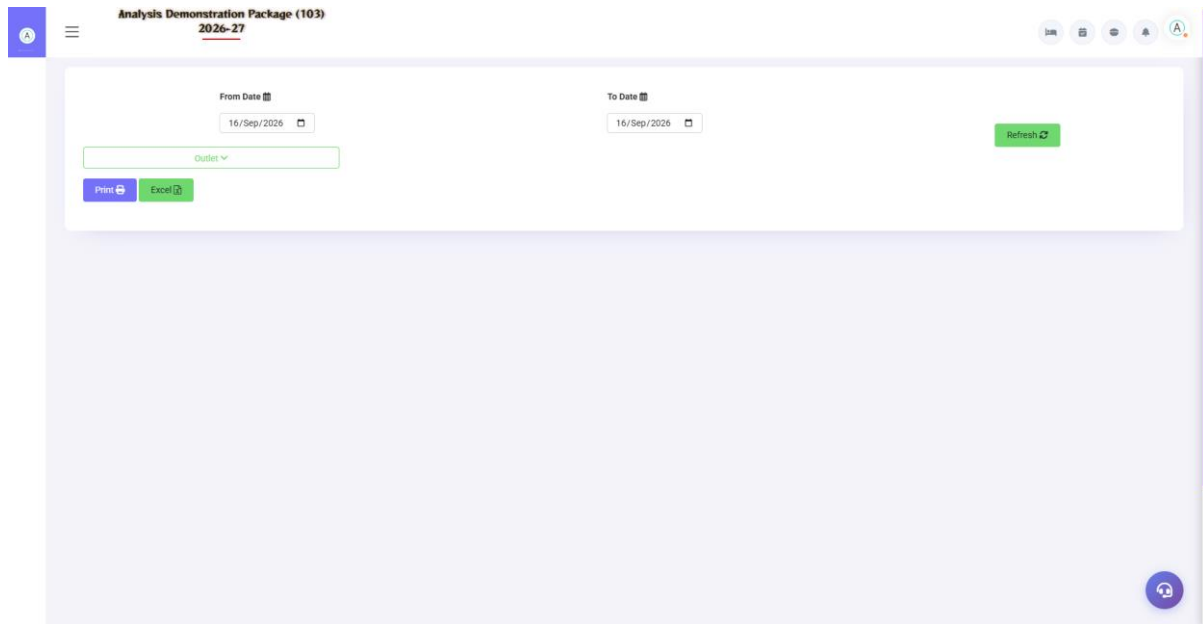

The screenshot displays the 'POS Sales Register' report interface. At the top, it shows 'Analysis Demonstration Package (103)' and the fiscal year '2026-27'. The main section contains filters for 'From Date' (16/Sep/2026), 'To Date' (16/Sep/2026), and 'Item Details' (No). Below these are dropdown menus for 'Company', 'Outlet', and 'Tables'. There are 'Print' and 'Excel' buttons, and a 'Refresh' button. A 'POS Sales Register' label is at the bottom right.

POS Sales Register

Report	what do you see
Sales Register	Date-wise all bills — amount, mode, cashier
