1. Introduction & Module Overview

The HR/Payroll module keeps the complete record of employees — from joining to salary. Details, leave, overtime, loan/advance and monthly salary generation of hotel staff (front desk, housekeeping, kitchen, security) happen here. HR FLOW: Employee joins (Employee Master) → Attendance/Leave/Overtime entries keep running → Month-end Salary Creation (earnings - deductions = net pay) → Loan/advance adjustments in salary.

Module Sections Overview

Section	Purpose	Key Screens
SETUP (Main Setup)	HR parameters & employee masters	HR Parameter, Designation, Employee Category, Employee Master, Holiday Master
HR/ATTENDANCE ENTRIES	Daily HR records	Leave Entry, Overtime Entry
PAYROLL ENTRIES	Salary processing	Loan & Advance Entry, Salary Creation

Key Benefits

- Central employee database — department/designation wise
- Leave balance tracking with holidays calendar
- Overtime auto-calculation in salary
- Loan/advance EMI recovery from salary
- Monthly salary generation — print/payslip ready

2. Setup Module — Employee Masters

2.1 HR Parameter

Navigation Path: *Main Setup ►HR/Payroll ►HR Parameter*

The screenshot displays the 'HR Parameter' configuration window. It features a header with 'Payroll Setting' and a 'Sample' button. Below the header, there are three input fields: 'Loan Account' with the value 'ANALYSIS SOFTWARE SERVICES', 'Salary Account' with 'EMP. SALARY A/C', and 'Advance Account' with 'EMP. ADVANCE A/C'. A 'Salary Days' field is set to '30'. A 'Submit' button is located at the bottom center of the form area.

2.1 HR Parameter

Global rules of Payroll — salary heads (Basic, HRA, PF, ESI), pay period, rounding, PF/ESI percentages. This is the basis of salary calculation.

Setting	Description
Pay Heads	Earning heads (Basic/HRA/OT) & deduction heads (PF/ESI/Advance)
PF/ESI %	Statutory deduction percentages
Pay Period	Monthly — 1st to last / other cycle

4.2 Salary Creation — Month End Process

Navigation Path: *HR/Payroll ►Payroll Entries ►Salary Creation*

4.2 Salary Creation — Month End Process

Generate monthly salary by: selecting month → system auto-calculates earnings (basic/HRA + OT) and deductions (leave LWP, PF/ESI, loan EMI) → verify → Save/Post. Payslips are ready to be printed. Salary expense posting is also done in Finance.

1. By selecting salary month
2. Load employees (department/category filter)
3. Verify Leave + OT + Loan entries (auto-filled)
4. Make manual adjustments (if bonus/incentive applies)
5. Save & Post — payslip print / bank transfer list

5. Complete Screens Gallery — HR-Payroll (All Captured Screens)

This gallery shows SAARI captured screens of HR-Payroll module which is not covered in detail in the main sections. For revision after training — Every screen the trainee has seen before, there is a place for complete reference.

HR Monthly Calendar

When	Task	Screen
Daily	Update leave/OT entries	Leave / Overtime Entry
Month end	Loan EMIs verify	Loan & Advance Entry
1st-3rd	Salary creation + payslips	Salary Creation
As needed	Let's add employees	Employee Master

When	Task	Screen
Yearly	Declare the holiday calendar	Holiday Master

Common Scenarios (Training Q&A)

Scenario	what to do
The employee worked for half a month	Mark LWP leave for those days — salary adjusts automatically
He gave advance to the employee.	Loan/Advance entry – by setting EMI
OT is not included in salary	By checking overtime entry date – salary should be at the end of the month.
New earning head required (bonus)	Add head in HR Parameter, then manual entry in salary.
Employee exited	Mark inactive + leaving date in employee master — auto-removed from payroll

Troubleshooting

Issue	Cause	Solution
Employee not visible in salary	Inactive/wrong category	Verify status in the Employee Master
PF/ESI not deducted	Employee pe flag off	Check PF/ESI applicability in the employee entry
Loan EMI has been reduced till now.	Duplicate loan entry	Loan entry edit — EMI schedule verify
Payslip print blank	Salary not saved	This will be printed after save/post.
Leave balance wrong	Purani leaves not entered	Make backdated leave entries (with permission)
